

HUME CITY COUNCIL TOGETHER 3047

TOGETHER 3047 FACT SHEET

Hume City is a diverse community with a range of needs and expectations and like every municipality, some areas are more prosperous than others.

To overcome some of the disadvantage in the 3047 postcode area of Broadmeadows, Dallas and Jacana, an initiative called Together 3047 has been created.

What will Together 3047 do?

Together 3047 is a neighbourhood-based program, which means Council will be developing and partnering with community groups, schools, local residents and businesses.

It will promote opportunities for local employment and training, improve housing diversity and enhance our streets and public spaces.

Key priorities of Together 3047 are to:

1. Improve pathways to prosperity through education and training,
2. Encourage community pride through improved city amenity and cleanliness,
3. Create a strong sense of community connectedness and belonging, and
4. Improve the mix and quality of housing to support a range of life stages.

How will it do this?

The program will work towards:

- Improved social support networks that help reduce social disadvantage by increasing the availability of resources residents can access, and also strengthen emotional and mental health,
- Reliable and meaningful employment that is fundamental to reducing social disadvantage. It also contributes to a strong local economy, improved liveability and appearance of the local area,
- Improving the visual appearance of your neighbourhood, with a direct positive impact on your sense of belonging and pride, and
- Providing high quality, affordable and a diverse range of housing options ensures residents have safe and stable accommodation and are able to remain connected to their local family and social support networks as their lifestyle changes.

How can I get involved?

We encourage the community to be actively involved and participate in the decision-making process.

Attend a pop-up engagement 'Design Lab' session and share your ideas and vision for improving your neighbourhood; or register to participate in the Sharing our Stories project by contacting us.
