## In 2017, Hume City Council will be installing a dog park at John Ilhan Memorial Reserve, Broadmeadows.

A 2012 Council dog park feasibility study identified three locations within Hume City municipality to be designated dog parks:

1. John Ilhan Memorial Reserve, Broadmeadows
2. Craigieburn Gardens, Craigieburn
3. Sunbury Park, Sunbury

The Craigieburn Dog Park opened in 2014 and construction of the Sunbury Dog Park will start soon. The planning for Broadmeadows Dog Park is now underway.

## Broadmeadows Dog Park at John Ilhan Memorial Reserve

To plan a dog park, Council must weigh up a range of factors including the potential size, exercise equipment and amenities that can be delivered within a set budget. The plan must also comply with existing regulations and standards and be sensitive to the surrounding site users and the natural environment.

Broadmeadows Dog Park will:

- be fully fenced with two entry gates
- have dog waste disposal (bins) and bag dispensers
- have a drinking fountain and a dog water bowl.

To assist our planning, Council is seeking community input into:

- the size of the park
- seating and shelter requirements
- number and types of exercise equipment.

These questions will help us group your responses with other people in a meaningful way. Your participation is completely voluntary. In accordance with our privacy policy, we will not use this information to identify you.

**Question 1:** Which suburb do you live in? \_\_\_\_\_

**Question 2:** Which of the following best describes you?

- Future Broadmeadows Dog Park user
- Surrounding park user (e.g. athletics or soccer club member, walker, recreational user, etc.)
- Interested community member
- Other, please describe \_\_\_\_\_

The following questions are about the dog park design and potential features. If you are a surrounding park user or an interested community member, please feel free to skip these questions (Qu.3-6). General comments can be made in the final questions (Qu.7-8).

**Question 3:** Due to there being a set budget for the Broadmeadows Dog Park, please rank in order of preference (1 = most preferred; 4 = least preferred), which of the following should inform the overall design?

Preferred overall design	Rank
Increase the size of the park (currently estimated 2000m <sup>2</sup> - 4000m <sup>2</sup> depending on cost) by spending more on fencing with less spending on the other features such as exercise equipment and amenities	
Decrease the size of the park and increase spending on exercise equipment available	
Decrease the size of the park and increase spending on amenities such as seating and shelter	
Balance the spending between the size of the park, exercise equipment available and amenities	

**Question 4:** Please rank (1 = most preferred; 5 = least preferred), which of the following features should be included in the Broadmeadows Dog Park.

Preferred features	Rank
Time out zone located in a corner of the park, with seating and vegetation shielding the zone for small dogs, shy dogs, fearful dogs or older dogs	
Anchored hooks around the park for owners to restrain their dogs on lead should they get over excited, aggressive or require restraint	
Sensory area to stimulate dogs senses with smells and textures and provide a more aesthetic landscape for dog owners	
More naturally shaded areas with fast growing shady native trees	
A sheltered area with seating for dog owners	

Are there any other features you think should be considered in the design of the Broadmeadows Dog Park?
